For Medium to Enterprise

Cloud & Onpremise Option

Polling Question #1

The Choice Between On-Premise vs. Cloud

- Company has an initiative to move to the cloud
- Access from remote locations and devices
- Workforce is scattered across multiple locations and/or working remote
- Less infrastructure to maintain
- Protecting your applications and your data from cyber attacks
- Al and Bl capabilities

Cybersecurity monitoring/training/system backups/insurance policies

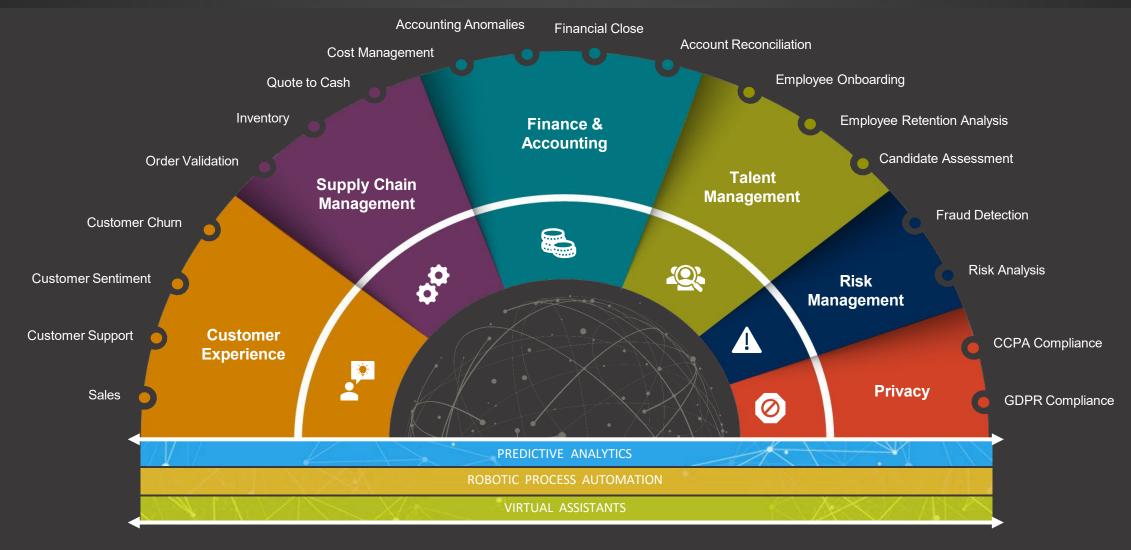

DATA ANALYTICS

Key: Visibility

- Visibility across systems (ERP, P2P, T&E, CRM, HR)
- Coordination between functions
- Continuous monitoring not only for fraud, but for new areas of risk and trends in the business
- Data driven, intuitive and integrated

THE SPECTRUM OF AI BUSINESS SOLUTIONS

Dynamics GP Requirements & the Path to D365 BC

Annual subscription billing

A price point that is equal to the EP renewal quote

Dual use and downgrade rights to current on-premise Dynamics Price List product

Try D365 BC with your data before committing to the software

Secure your data in Microsoft's cloud and reduce or eliminate hardware costs

Enable a remote workforce with a true cloud-based Solution

Access the Common Data Service and Power Platform (Automate, BI, Apps)

Improve integrations to your other Office 365 apps

Current on Maintenance: CSP price list discount of 60% for customers who are ready to move to their primary deployment to the cloud. On your next renewal stop paying Enhancement Plan (aka BREP) and purchase the new CSP transition license.

	Current License	Business Central		Discount	Per user per month
		Business Central Premium	\$100	60%	\$40
	Dynamics AX				
On- premise To Cloud	Dynamics GP	Business Central Essentials	\$70	60%	\$28
	Dynamics NAV Dynamics SL	Business Central Team Members	\$8	60%	\$3.20
		Business Central Device	\$40	60%	\$16

NOTE: For existing customers, this is good through 6/2021.

Business Central Roadmap

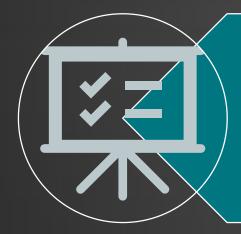

April - September 2020

- Financials embedded Power BI is enhanced and renamed
- · Notification of related prepayment invoices marked for settlement
- Trial balance report with transactional detail and unposted GL transactions
- Update the invoice quantities to match product receipt quantities in workflow
- Add date option for generating the accrued purchases excluding the sales tax report
- Cash flow forecast calculation enhanced scheduling (via process automation)

October 2020 – February 2021

- Customer payment predictions
- External data for cash flow forecasting
- Forecast bank balance
- Intelligent budget proposal
- Treasurer workspace

Dynamics 365 Finance

- Focus on automating common tasks to reduce the number of manual processes and add insights and intelligence in Finance.
- Asset leasing enhances the core capabilities of Finance and the global coverage for Finance continues.

Dynamics 365 Supply Chain Management

- Expanded planning optimization for Manufacturing to perform supply and production planning in near real time with in-memory services.
- Enhancements to Product Information Management include engineering change management and production versioning capabilities.
- Cost Management includes new features that will enable global companies to maintain multiple cost accounting ledgers by allowing dual currency and dual valuation.
- Enhancements to the job card device include a new user experience and a new feature to enable reporting serial numbers.

Dynamics 365 Human Resources

- Focus on intelligent workflows by taking advantage of data and AI innovations.
- Work instructions can be configured to adjust on the fly based on operator inputs.
- Insights will make it easier to use time-tracking data and connect that data to your business.

Dynamics 365 Project Operations

- Unify operational workflows to give visibility, collaboration and insights to drive success across teams from sales to finance.
- Project Operations connects your sales, resourcing, project management, and finance teams within a single application to win more deals, accelerate delivery, empower employees, and maximize profitability.

Current on Maintenance: CSP price list discount of 40% for customers who are ready to move to their primary deployment to the cloud. On your next renewal stop paying Enhancement Plan (aka BREP) and purchase the new CSP transition license.

	Current License	Finance & Supply Chain Management		Discount	Per user per month
		D365 for Finance	\$180	40%	\$108
