Why you Need to Optimize

Improve Data Quality

Integrate your CRM and accounting/ERP systems to collaborate with sales and share pricing data.

Save Time

Eliminate manual data reentry and free up your finance team to focus on strategic work.

Minimize Errors

Automate repetitive manual processes to reduce human error and costly mistakes.

LEAD-TO-CASH

Steps to a Holistic Lead-to-Cash Process

Lead to Qualify

Develop lead and partner relationships to turn them into customers. Sales marketing and finance teams' mange current deals and create product specs to address customers' needs.

Qualify to Order

2

Generate quotes quickly and accurately by implementing a configure, price, quote (CPQ) system. Create complex quotes customized around bundles, products, quantities and prices. With a 360-degree view of customers, you'll understand their purchase cycles and geographies.

Order to Cash

Handle, track and manage order life cycles with fulfillment, jeopardy and fallout analytics once orders are entered into your CRM. Manage error-prone contract amendments and dynamic terms and conditions in a unified system.

LEAD-TO-CASH

Steps to a Holistic Lead-to-Cash Process

Cash to Care

Leverage your streamlined lead-to-cash process to provide customers effective resolutions for billing inquiries, troubleshooting and customer service.

Retain to Grow

Drive strategic growth by nurturing your valued relationships with customers. Provide AI-powered analytics and recommendations, create custom loyalty programs or offer self-care functionalities. Better identify cross-selling and upselling opportunities.
