Today's *Presenters*

Jeremy Sucharski
Partner

Jeremy Sucharski is a Partner at Armanino leading the firm's Strategy & Transformation and Business Analytics practices. With nearly 20 years of management consulting and technology experience, Jeremy helps organizations improve business processes, leverage technology more effectively and successfully navigate complex transformation initiatives including AI Adoption.

Megan Manrique
Senior Director

Megan Manrique leads Armanino's Sage practice, bringing together a team of industry and technology experts to build and support our customers' technology strategies. She empowers organizations to harness the power of technology to drive their own growth.

Justin Mitkus
Senior Director

Justin Mitkus is a Senior Director in Armanino's Workday practice with deep expertise in finance transformation, enterprise systems and Workday Financials. He works with organizations to streamline operations, improve processes and align technology investments with business goals. Justin brings more than 15 years of experience leading Workday implementations and large-scale transformation initiatives.

Sharon Bhalaru
Partner

Sharon Bhalaru leads Armanino's Microsoft practice, overseeing strategy and client success across Dynamics 365, Business Central, and related Microsoft solutions. With over 20 years of consulting experience, she helps organizations modernize finance, supply chain, and customer operations through digital transformation initiatives.

Learning Objectives

Evaluate whether your ERP environment is ready to support AI.

Recognize the data, process and governance challenges that impact AI success.

Determine when your ERP may need updates before you're ready to take on more with AI.
